# **Special Issue**

# **Fish Virology**

## Message from the Guest Editors

Viral diseases are one of the main threats to fish farming worldwide. Although some fish viruses have been known for a long time, many aspects of viral biology are still unknown, and above all, there is a lack of effective ways to prevent and control viral infections in fish. In addition, the emergence of new infections, their host range, and the interaction with those host species must be studied. Finally, the effect of climate change on both farmed fish species and viral agents demands attention. For all these reasons, this Special Issue is devoted to and welcomes all contributions (research articles, short communications, or reviews) focused on any aspect of current research into fish viruses.

## **About the Journal**

## Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Viruses* (ISSN 1999-4915). *Viruses* is published in open access format—research articles, reviews and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. As an open access journal, *Viruses* is supported by the authors or their institutes by payment of article processing charges (APC) for accepted papers. We would be pleased to welcome you as one of our authors.

### **Editor-in-Chief**

Dr. Eric O. Freed

HIV Dynamics and Replication Program, Center for Cancer Research, National Cancer Institute, Frederick, MD 21702-1201, USA

### **Author Benefits**

### **High Visibility:**

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, and other databases.

### **Journal Rank:**

JCR - Q2 (Virology) / CiteScore - Q1 (Virology/Infectious Diseases)

### **Rapid Publication:**

manuscripts are peer-reviewed and a first decision is provided to authors approximately 18.6 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the first half of 2025).
