

Special Issue

Viral Mechanisms of Immune Evasion

Message from the Guest Editor

We will launch a Special Issue in *Viruses*, entitled "Viral Mechanisms of Immune Evasion". The intricate interplay between viruses and host immune systems is a key determinant of viral pathogenesis and persistence. This Special Issue highlights the latest advancements in understanding how viruses subvert host defenses, providing insights into viral evolution, immune system manipulation, and potential therapeutic interventions. We welcome original research, reviews, and perspectives on mechanisms contributing to immune evasion at molecular, cellular, and systemic levels and innovative approaches to counteract these strategies. Your expertise and contributions will be instrumental in advancing our knowledge and shaping future research in this critical field.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Viruses* (ISSN 1999-4915). *Viruses* is published in open access format—research articles, reviews and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. As an open access journal, *Viruses* is supported by the authors or their institutes by payment of article processing charges (APC) for accepted papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Dr. Eric O. Freed

HIV Dynamics and Replication Program, Center for Cancer Research,
National Cancer Institute, Frederick, MD 21702-1201, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, and other databases.

Journal Rank:

JCR - Q2 (Virology) / CiteScore - Q1 (Virology/Infectious Diseases)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 18.6 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the first half of 2025).
