

Special Issue

Advances in Bacteriophage Biology

Message from the Guest Editor

Viruses is pleased to announce the creation of a collection of feature papers “Advances in Bacteriophage Biology.” This Issue aims to assemble a collection of articles that showcase emerging new approaches and developments that advance the current frontiers of fundamental and applied bacteriophage biology. We welcome the submission of manuscripts from Editorial Board Members and from scholars invited by the Editorial Board and the Editorial Office. Short proposals for the submission of Feature Papers are also welcomed. Please send proposals to the *Viruses* Editorial Office for evaluation (viruses@mdpi.com).

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Viruses* (ISSN 1999-4915). *Viruses* is published in open access format—research articles, reviews and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. As an open access journal, *Viruses* is supported by the authors or their institutes by payment of article processing charges (APC) for accepted papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Dr. Eric O. Freed

HIV Dynamics and Replication Program, Center for Cancer Research,
National Cancer Institute, Frederick, MD 21702-1201, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, and other databases.

Journal Rank:

JCR - Q2 (Virology) / CiteScore - Q1 (Virology/Infectious Diseases)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.2 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the second half of 2025).
