Strategies for Preventing Viral Diseases of Domestic Animals

Message from the Guest Editors

The aim of this Special Issue is to present a broad scope of review on viral diseases, especially in domestic animals. The potential authors are cordially welcome to present their input regarding prevention, biosecurity measures and further perspectives to limit further spread of economically important diseases. All potential authors are encouraged to submit reviews and articles regarding strategies to limit the spread of infectious diseases in domestic animals.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Viruses* (ISSN 1999-4915). *Viruses* is published in open access format—research articles, reviews and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. As an open access journal, *Viruses* is supported by the authors or their institutes by payment of article processing charges (APC) for accepted papers. We would be pleased to welcome you as one of our authors.
