

Topical Collection

Global Viral Threats

Message from the Collection Editor

In this Topical Collection of *Viruses*, we offer a platform to submit original research articles on the very latest themes in virology. In particular, we encourage submissions concerning recently identified strains with the potential to pose a widespread threat to animals, crops, or public health. With a rapid publication time of 40 days, *Viruses* is uniquely poised for the rapid dissemination of such knowledge.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Viruses* (ISSN 1999-4915). *Viruses* is published in open access format—research articles, reviews and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. As an open access journal, *Viruses* is supported by the authors or their institutes by payment of article processing charges (APC) for accepted papers. We would be pleased to welcome you as one of our authors.
