

Special Issue

Virus Bioinformatics 2020

Message from the Guest Editors

This Special Issue is related to the 4th International Virus Bioinformatics Meeting (former Annual Meeting of the European Virus Bioinformatics Center) taking place from 05–06 March 2020 at the Eventforum in Bern, Switzerland. This Special Issue will present articles covering computational approaches in virology, and we welcome any contributions within this cross-disciplinary field. Sub-topics include (but are not limited to) the following: systems virology, virus–host interactions, virus classification and evolution, epidemiology and surveillance, viral metagenomics and ecology, and clinical bioinformatics. The Special Issue is open to all researchers working on the boundaries between bioinformatics and virology. Papers such as original research articles and review papers dealing with the recent advancements and current understanding of computational technologies aspects of virology are welcome. All papers should be submitted online at <https://www.mdpi.com/journal/viruses>. Please select the correct Special Issue when submitting your paper to *Viruses*.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Viruses* (ISSN 1999-4915). *Viruses* is published in open access format—research articles, reviews and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. As an open access journal, *Viruses* is supported by the authors or their institutes by payment of article processing charges (APC) for accepted papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Dr. Eric O. Freed

National Cancer Institute, Frederick, MD 21702-1201, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, and other databases.

Journal Rank:

JCR - Q2 (Virology) / CiteScore - Q1 (Virology/Infectious Diseases)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.2 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the second half of 2025).
