

Special Issue

Viruses 2022 - At the Leading Edge of Virology Research

Message from the Guest Editor

This Special Issue is related to the conference “*Viruses 2022—At the Leading Edge of Virology Research*”, which will be held virtually online, 5–8 April 2022. This Special Issue will provide an opportunity for the publication of research articles and reviews related to the themes of the conference. Symposium participants, as well as all researchers working in the field, are cordially invited to contribute original research papers or reviews to this Special Issue of *Viruses*.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Viruses* (ISSN 1999-4915). *Viruses* is published in open access format—research articles, reviews and other content are released on the internet immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. As an open access journal, *Viruses* is supported by the authors or their institutes by payment of article processing charges (APC) for accepted papers. We would be pleased to welcome you as one of our authors.
