

water

an Open Access Journal by MDPI

Environmental, Industrial and Energy Engineering

Guest Editors:

Prof. Dr. Guangwei Huang

Graduate School of Global
Environmental Studies, Sophia
University, Tokyo, Japan

Prof. Dr. Gordon Huang

Faculty of Engineering and
Applied Science, University of
Regina, Regina, SK S4S 0A2,
Canada

Prof. Dr. Yongping Li

School of Environment, Beijing
Normal University, Beijing, China

Message from the Guest Editors

This Special Issue presents recent research findings and technological developments related to environmental, industrial, and energy engineering. We welcome research articles and critical reviews on the following topics:

- Hydrogen and fuel cell science, engineering, and technology
- Nuclear energy engineering
- Atmospheric environment
- Ecological environment
- Environmental engineering
- Biomass energy
- Marine science
- Earth science

Deadline for manuscript
submissions:

closed (30 June 2022)

For further reading, please follow the link to the Special
Issue Website at:

National de la Recherche
Scientifique (CNRS), University of
Toulouse, Campus ENSAT,
Auzeville Tolosane, Toulouse,
France

Message from the Editor-in-Chief

In the context of global changes, the sustainable management of water cycles, going from global and regional water cycles to urban, industrial and agricultural water cycles, plays a very important role on the water resources and on their relationships with food, energy, biodiversity, ecosystem functioning and human health. *Water* invites authors to provide innovative original full articles, critical reviews and timely short communications and to propose special issues devoted to new technological and scientific domains and to interdisciplinary approaches of the water cycles. We ensure a critical review process and a quick turnaround between submission and final decision.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, GeoRef, PubAg, AGRIS, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q2 (Water Resources) / CiteScore - Q1 (Aquatic Science)
