

## Special Issue

# Biological Invasion in Aquatic Ecosystems

### Message from the Guest Editors

This Special Issue is dedicated to the study of alien species in any region, type of water body, and any taxonomic group of aquatic creatures. Topics of particular interest include, but are not limited to:

Keywords

- biological invasions
- non-indigenous species
- biogeography
- phylogeography
- ecology
- barcoding

---

### Guest Editors

Dr. Dmitry P. Karabanov

Dr. Kay Van Damme

Prof. Dr. Alexey A. Kotov

---

### Deadline for manuscript submissions

closed (31 December 2023)

## About the Journal

### Message from the Editor-in-Chief

In the context of global changes, the sustainable management of water cycles, going from global and regional water cycles to urban, industrial and agricultural water cycles, plays a very important role on the water resources and on their relationships with food, energy, biodiversity, ecosystem functioning and human health. *Water* invites authors to provide innovative original full articles, critical reviews and timely short communications and to propose special issues devoted to new technological and scientific domains and to interdisciplinary approaches of the water cycles. We ensure a critical review process and a quick turnaround between submission and final decision.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, GeoRef, PubAg, AGRIS, CAPlus / SciFinder, Inspec, and other databases.

#### Journal Rank:

JCR - Q2 (Water Resources) / CiteScore - Q1 (Aquatic Science)
