

Special Issue

Social, Cultural, and Economic Factors Directly and Indirectly Influencing Water Resources and Conservation Outcomes

Message from the Guest Editors

Topics of interest include (but are not limited to) the following:

- Environmental education;
- Water resource communication;
- Social dimensions of water conservation;
- Stakeholder perceptions and community engagement;
- Behavior change strategies in conservation;
- Indirect factors impacting water resources;
- Training future conservationists in social science principles

Guest Editors

Prof. Dr. Kyle Maurice Woosnam

Warnell School of Forestry and Natural Resources, Parks, Recreation and Tourism Management, University of Georgia, 180 East Green Street, Athens, GA 30602, USA

Dr. Kristin E. Gibson

School of Natural Resources, University of Missouri, Columbia, MO, USA

Deadline for manuscript submissions

27 December 2025

About the Journal

Message from the Editor-in-Chief

In the context of global changes, the sustainable management of water cycles, going from global and regional water cycles to urban, industrial and agricultural water cycles, plays a very important role on the water resources and on their relationships with food, energy, biodiversity, ecosystem functioning and human health. *Water* invites authors to provide innovative original full articles, critical reviews and timely short communications and to propose special issues devoted to new technological and scientific domains and to interdisciplinary approaches of the water cycles. We ensure a critical review process and a quick turnaround between submission and final decision.

Editor-in-Chief

Dr. Jean-Luc PROBST

Centre de Recherche sur la Biodiversité l'Environnement (CRBE) UMR

Toulouse, France

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, GeoRef, PubAg, AGRIS, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank:

JCR - Q2 (Water Resources) / CiteScore - Q1 (Aquatic Science)
