

Special Issue

Infrastructure Asset Management of Urban Water Systems

Message from the Guest Editors

This Special Issue of *Water* will focus on infrastructure asset management (IAM) of urban water systems. The will consider scientific and case-based papers, including governance, social, economic, and technical aspects. **Keywords**

- Infrastructure asset management
- Strategic asset management
- Urban water systems
- Urban water services
- Performance assessment

Guest Editors

Dr. Rita Salgado Brito

Environmental and Hydraulics Department, Urban Water Unit, LNEC—Portuguese National Laboratory of Civil Engineering, Av. do Brasil, 101, 1700-066 Lisboa, Portugal

Dr. Helena Alegre

Laboratório Nacional de Engenharia Civil, Lisbon, Portugal

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

In the context of global changes, the sustainable management of water cycles, going from global and regional water cycles to urban, industrial and agricultural water cycles, plays a very important role on the water resources and on their relationships with food, energy, biodiversity, ecosystem functioning and human health. *Water* invites authors to provide innovative original full articles, critical reviews and timely short communications and to propose special issues devoted to new technological and scientific domains and to interdisciplinary approaches of the water cycles. We ensure a critical review process and a quick turnaround between submission and final decision.

Editor-in-Chief

Dr. Jean-Luc PROBST

Centre de Recherche sur la Biodiversité l'Environnement (CRBE) UMR CNRS/UPS/INPT/IRD, Centre National de la Recherche Scientifique (CNRS), University of Toulouse, Campus ENSAT, Auzeville Tolosane, Toulouse, France

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, GeoRef, PubAg, AGRIS, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank:

JCR - Q2 (Water Resources) / CiteScore - Q1 (Aquatic Science)
