

Special Issue

Research on the Carbon Emission Management, Sustainability and Corporate Governance

Message from the Guest Editor

This Special Issue converges on the critical interplay of carbon emission management, sustainability, and corporate governance, building on the foundational observation that carbon emissions significantly influence corporate outcomes—from profitability to creditworthiness—while exposing persistent gaps between firms' stated environmental commitments and their actual practices (greenwashing).

Guest Editor

Dr. Nick Tsitsianis

School of Business and Management, Queen Mary, University of London, London E1 4NS, UK

Deadline for manuscript submissions

30 June 2026
