

## Special Issue

# Business Innovation and Corporate Governance to Achieve Sustainable Organizations

### Message from the Guest Editors

This Special Issue aims to bring together new research concerning the areas of business innovation, sustainable development, and corporate governance to bring value to organizations and society in general. We welcome submissions that represent original, high-quality, theoretical, and empirical research, as well as policy-oriented research papers, to enrich our knowledge of areas related to business innovation, corporate governance, and sustainability.

Some topics of interest include, but are not limited to, are as follows: IoT in Logistics, data analytics and business intelligence in Industry 5.0, AI, machine learning, blockchain, smart contracts, robotics and M2M (machine to machine), open innovation, sustainability, and, last but not the least, the issue of the privacy and security of data.

---
