Message from the Editor-in-Chief

Trauma Care intends to combine the efforts of clinicians, basic scientists, epidemiologists, behavioural scientists, and preventive and therapeutic policy makers from the fields of both physical and psychological trauma for the benefit of the injured/traumatised patient.

As Editor-in-Chief, I would like to see healthy competition from researchers representing diverse scientific and clinical fields to shape the character of our Journal, which is starting out with great potential by filling a unique niche.

Editor-in-Chief

Prof. Dr. Zsolt J. Balogh
